Analyse your learning needs

1. What performance objectives are you aiming to achieve over the period ahead?	
2. What changes (if any) are you expecting to have to deal with at work?	
3. How do you see you career developing over the period ahead?	

3. What will you need to be able to do to meet the performance standards expected of you?	**Learning needs:** What **knowledge & skills** will you need to develop for your job or meet your aspirations in the period ahead?	Need ☑	Priority ☑
